

# Leadership Development Learning Series

## Our Offerings

### Fundamentals of Leadership

Explore fundamental leadership skills and behaviours critical to your leadership success.

### Managing Unconscious Bias

Uncover unconscious biases that may be influencing your behaviour and learn strategies to mitigate bias in engagement and decision-making.

### Accountability in Action

Discover how personal accountability and leadership behaviour shape a culture of ownership and follow-through. Set clear expectations, model key behaviours, give meaningful feedback, and foster accountability that drives engagement - not fear.

### Managing Performance

Learn how you can adopt a partnership approach where managers and employees work together to plan, monitor, and review objectives, as well as overall alignment and contribution to organizational goals.

### Coaching for Results

Explore the fundamentals of effective coaching and practice key techniques to support growth, build trust, and drive performance.

### Managing Change

Build the skills to lead your team through change with confidence. Explore practical strategies to support individuals, maintain engagement, and keep your team aligned with organizational goals.

Ahria's Leadership Development Learning Series equips leaders with the skills and insights needed to thrive in today's fast-paced, evolving world.

Through our interactive sessions, participants gain valuable knowledge, sharpen key skills, and create actionable plans to drive meaningful results.

The series is designed to strengthen leaders' ability to leverage core leadership competencies, strategies, and tools, ultimately enhancing their effectiveness and impact.

## What Our Clients Say

“  
Participating in this series has transformed my approach to leadership. The tools and strategies I learned have empowered me to lead with more confidence, clarity, and impact. It's been a game-changer for my personal and professional growth.”
